

## MB62 Mounting Bracket

Used for mounting bi-static microwave links such as models 300B, 310B, 316, 316-POE-S, 330, 334, 334-POE-S, 336 and 336-POE-S, and mono-static transceivers such as models 380, 385, 390 and 395. The bracket is zinc plated and fits a standard, 4.0 inch (101mm) O.D., mounting post. The swivel assembly allows for 20 degrees of angle adjustment. The plate has additional holes for optional mounting and use of 2.5 inch (63.5mm) or 3.5 inch (89mm) U-bolts (not supplied). The unit weighs approximately 2.5 lbs. (1.13 kg).

Includes mounting plate, 4.0 inch U-bolt w/nuts and swivel assembly with nuts and washers for easy sensor mounting and alignment.
